

From the East: **Wor. Luis J. Montero**

October is one of my favorite months in Sacramento. The trees start to change color, the cool air in the mornings makes for such an enjoyable season.

Our Lodge has accomplished so many good things this year. We helped **Yolo Lodge No. 199** with a Second Degree; we assisted **Liberty Lodge No. 299** with their travelling Third Degree; and we attended a First Degree at **Rio Linda Lodge No. 786**.

We also took the lead in hosting a **Lodge Outreach Program** meeting in the Club Room. We had a great outing with **Bowling for Brothers** and a joint **Fraternal Night** with **Sacramento Lodge No. 40**.

And finally, last month, we had our building's **Cornerstone Laying Centennial Celebration**, where we all pitched in and ensured that the Grand Lodge Officers were taken care of as our guests at the Temple.

Our dedication to Brotherly Love, support and comradery speaks to many Past Masters.

The commitment from our Lodge Officers and ongoing support from our members make us proud of being part of such an engaging Lodge.

I would like to thank our District Inspector, **Wor. Michael Woo**, for being there to guide and encourage us as well.

Our **Constitutional Observance Night** was also a great success. **Wor. Bob Whitfield**, Past Master of Pleasanton Lodge No. 321, together with **Bro. Candler Gibson**, member of Columbia-Brotherhood Lodge No. 370, both gave us a presentation on the new combined efforts on the Let's Write the Future Campaign, most notably the Raising a Read Program and the Masonic Homes. **Erika Schoenborn**, member of Job's Daughters Bethel No. 347 in Elk Grove, gave us a fantastic presentation on the U.S. Constitution. **Wor. Phil Hardiman**, Past Master of Washington Lodge No. 20, closed the event with a powerful lecture on the U.S. Constitution and the current state of affairs.

A warm thank you to the presenters for their time and participation in our event.

Washington Lodge No. 20 Mission Statement

To practice and promote a way of life that binds like-minded men in a worldwide brotherhood that transcends all religious, ethnic, cultural, social and educational differences. Through Masonic principles and tradition, and by the outward expression of these through its fellowship and compassion, Washington Lodge No. 20 F.&A.M. provides ways in which to serve God, family, country, neighbors and self in an environment that contributes to the enrichment and betterment of its members, mankind, and its communities.

Brethren, we would like to congratulate our newly raised brother **Alex Baloji** as a Master Mason on September 20th. We look forward to having him continue to share his journey in Freemasonry for many years to come. We would also like to thank the kitchen crew for another delicious Prime Rib dinner and dessert.

On our **Constitutional Observance Night**, we would like to thank the speakers who spoke and shared their inspirational thoughts of the impact our Constitution has made on each of us from our past, present, and future.

As this year is drawing to a close, let us look forward to the future. There are a few key events we would like to announce and inform others to prepare for.

First, there is our **Ladies Night** in November, which will be a HALLOWISTIC event. Dress to impress in your favorite Halloween costume, if you have them. Please see page 7 or follow up with PM **David Cameron** for more details. And then in December, we will be having our **Installation of Officers** for 2019.

The theme for 2019 is Innovation, Vision, and Purpose.

It is innate within each of us to innovate creative ideas from the visions we passionately desire our future to become--but without a strong foundational purpose, these ideas remain a mere dream crying for a chance to exist.

We would like to encourage innovative ways to continue to improve our communities and continue to enhance brotherly love with our families and friends. Great and wonderful things happen when we come together.

Our society will always change and in order to prepare and harness this ever-changing evolving economy, it is important to bring our ideas together to bring this society to another level of peace and harmony.

This will continue to define who we are and remind the world of our purpose here on Earth. The quality of our efforts to shape our world is determine by the passion in our hearts.

Have you ever wanted to accomplish a dream or idea but never had a chance to fulfill it? It is not too late to bring that vision back to the surface.

Discover creative ways to bring purpose to that innovation. Share those ideas to each other so that we can support one another in accomplishing its success toward a better world.

In closing, Brethren, please continue to do Great and Wonderful things. There are many who have traveled and journeyed here and far for many reasons. The capacities of our inner power brings the value of our human existence and the experience we share provides the gifts of creation.

Freemasonry brings us together to ensure we expand this Library of ideas and agree to arrange those ideas for an amazing future!

As we move into October and celebrate Halloween with so many treats and festivities, please have a safe and Happy Halloween with your love ones!

The month of September was definitely one worthy of remembrance. To have seen documents and treasures of our Craft that were over 100 years old was something that happens sometimes only once in a lifetime. The Temple's cornerstone laying centennial celebration was a sight to behold and the opening of Grand Lodge in our lodge room was also a first for me. It makes you ponder the effects that you, yourself, have on the craft and how we work with each other to make the world a better place.

The centennial celebration got me to thinking about what future masons 100 years from now will think about who we were and what we did. The impacts we have on the lives of our fellow brethren is important and can have long lasting effects. It is those impacts that we hope to cherish and not regret.

With the 169th Annual Communication coming up this month, it will be an honor to represent you and the lodge as we contemplate the proposed changes to our craft. This illustrates that as time goes by so must our Craft evolve with it - masonry is a progressive science after all. It will also be a wonderful opportunity to meet and converse with other brothers throughout the state as well as with members of Grand Lodge who, I might add, will have a very large presence in our building towards the end of 2019 and 2020.

But as we look forward to 2019, and what that year holds, let us remember that buildings stay strong when cement is spread to unite it as one common mass. It's time to fill the cracks that need filling so that we can move forward as masons who can best work and best agree. I hope to see some familiar faces around the lodge and welcome them back from their travels.

Your Wardens and Deacons have been meeting to converse on common themes in order to unite our thoughts and objectives into a common plan for the years ahead. We have had many conversations about the direction of our lodge and it is our hope that the line of future leaders in our lodge will be bright.
